

Poster Contest For PTA Membership Drive in Oct.

Parents and all others who are interested in children, throughout the Gardena-Wilmington Council area, will have an opportunity to become members of their local PTA units this month.

The California Congress of Parents and Teachers has selected October as Parent-Teacher Membership Month and the weeks of Oct. 4 through Oct. 15 as Parent-Teacher weeks. Since the prime purpose of the PTA association is "to promote the welfare of children in home, school, church and community," and only through a large, strong participating membership can the varied programs of such an organization be accomplished, it is vital that all interested persons take part in this membership drive.

POSTER CONTEST — As long as there are children in need, adults have a responsibility, for equal rights and security for children the world over are imperative.

Rhodes, membership chairman for the council, has announced that there are only four rules governing the contest. They are that the name of the school and the theme should be on the front of the poster, and that the name of the membership chairman and the art chairman should appear on the back of the poster. The judging will be held at the November Council meeting. There will be no 10th District contest.

All you can eat for 50c, adults, and 35c for children.

EMLEY SPEAKS TO AQUARIANS Tomorrow at 8 A new concept of the relationship between parents and children will come to many who hear Alban Emley tomorrow night. Emley will present his ideas in his own humorous fashion to the Aquarians and their guests at the Neptunian Club, 920 Highland Ave., in Manhattan Beach, at 8 p.m.

"Making Parents Mind," is the title chosen by Emley, and offers this provocative idea as an introduction: "The young cannot learn from the old, the older must learn from the young, parents undergo a rigid course of training conducted by the children."

His wide scope of understanding is evidenced in the varied books he has written, a few of which are, "Guiding the Child to Success," "New Sales Methods," "The Magic Prayer," "Solar Psychology," "Women Won't Let You."

This man's humor and depth are not new to audiences of the South Bay. There is no admission charge by the Aquarians as they are supported by donations. Their meetings are held weekly.
